

CALLBACK ACCESS NUMBER – YAK LONG DISTANCE CELL

Have unlimited incoming calls? Turn your outgoing long distance calls into incoming minutes with Yak's Callback feature.

Use Yak's Callback Feature:

1. Dial 1-416-204-0004 and press send.
2. Hang up at the busy signal and Yak will call you back with a dial tone.
3. Answer, dial your long distance number, don't press SEND – just start yakking!

1-416-204-0004 is a number that allows you to turn your outgoing calls into incoming airtime minutes. Callback was designed for users with unlimited incoming calls, but can be used by any registered yakLongDistance for your cell user.

From anywhere in Canada, dial 1-416-204-0004 and simply hang up when the number rings busy. Because 1-416-204-0004 will always ring busy, you will never incur any long distance charges when placing the initial call. Yak will recognize your number and call you back with a dial tone. Simply enter your long distance number without pressing send. Start yakking! Your call will appear listed on your regular Yak invoice at Yak's low rates.

Remember that air time and roaming charges may be applied by your carrier for use of yakLongDistance for your cell.
