YApp – User Guide for iPhone®

- There are two ways to initiate a call with YApp.
 1. Type a phone number (Destination) and press “Call”.
 2. Select a contact from your address book by pressing “Contacts”.
 - a. You will see your contacts list.
 - b. Select the person and number you want to call.
 - c. Press “Call”.
- Once you press “Call”, YApp will produce an incoming call to your mobile number, after you answer the call you will be automatically connected to the Destination you selected.
